Welcome to LASO! My name is Yeti! I'm from Nepal, just like the two brothers who own this restaurant. Here are some interesting facts about our home country.

8 of the 10 world's highest mountains are located in Nepal. The highest and most famous, Mount Everest, reaches 29,029ft in the air!

The colors of the Nepalese flag are red, white, and blue. Just like your country! The red symbolizes bravery while the blue signals peace.
